10 November 2023

Dear Parents,

I am delighted to inform you that, thanks to the generosity of parents and Old Amplefordians, the new cricket nets at Ampleforth College are now complete. There will be a formal opening and blessing with our guests of honour, Robin and Penny Dyer, in April 2024, when the weather will hopefully facilitate an enjoyable occasion in the valley. The nets will be in use from now onwards and will enhance the offering to your daughters and sons, helping them prepare for another very successful cricket season this academic year and many more in the years to come.

I encourage you to look at the new cricket nets the next time you are at Ampleforth. Situated between the two flagship pavilions, they are fantastic and compliment the beautiful landscape around them. They will be seen by all those who walk across our valley and are a symbol of the positive momentum at our school. Thank you for all your support in making them possible.

I look forward to sharing more information on the impact of your generosity towards many areas of the College in recent years in our first impact report, which will be published later this term.

Yours sincerely,

**Emma Craig**  
**Head of Development**
